GOAL

Do a 6-months internship in the field of Embedded Systems, Data Science or Web development.

AVAILABILITY

Starting from February 2016

SPOKEN LANGAGES

French (Mother Tongue)
English (Fluent)
Spanish (Fluent)

HOBBIES

Litterature
Mountaineering
Ski
Basket-ball

PROFESSIONAL EXPERIENCE

Summer 2015
📍 Paris, France

FULL STACK DEVELOPER
Linagora

Development of an open-source enterprise social network with an international team.
SCRUM method, agile development, angularJS, nodeJS, Unit Testing, Continuous Integration, HTML5/CSS3, Git, Team work

Summer 2013
📍 Medellín, Colombia

IT TECHNICIAN
Escuela de Ingeneria de Antioquia

Intranet maintenance, open-source technologies workshop management.

Summer 2013
📍 Envigado, Colombia

IT TEACHER
Centro de Formation Integral para el Trabajo

Organised and taught classes about web development and UNIX-based operating systems

EDUCATION

2012 - 2016
📍 Evry, France

ENGINEERING SCHOOL
Telecom SudParis - University Paris Saclay

Master of Science
Specialised in embedded micro-eclectronics and software engineering

2010 - 2012
📍 Grenoble, France

PREPARATORY CLASS
Lycée Champollion

Specialised in Mathematics, Physics and Chemistry
Intensive preparation for entrance exams to leading engineering schools

2010
📍 Pontcharra, France

BACCALAUREAT
Speciality Biology and Geology - Obtained with Highest Honours

{#} SKILLS

SOFTWARE AND WEB DEVELOPMENT
Langages: C/C++, Java, Scala, Pyhton, Ruby, Javascript, Coffeescript, HTML5, CSS3
Framworks: AngularJS, ReactJS, NodeJS, Django, Rails, Symfony
Miscellaneous: MVC Pattern, Object Oriented Programming, UML, Continuous Integration, Matlab, Git, SCRUM Method, Agile, POSIX/PCRE Regular expressions, LaTeX

DESIGN
Photoshop, Illustrator, After Effects, InDesign, The GIMP, Inkscape

SYSTEMS ADMINISTRATION
Unix, TCP/IP networks, Intranet administration, server administration
